

Rhyming Rainforests

*Chimpanzees wee in towering trees
Frogs creaky croak begins
Spider happily spins
Flying squirrels begin to fly
A Rhino Hornbill goes by
Piranhas eat bananas and fish
And go swishy swish swish
Caimans and Capybaras are walking
and swimming in the water
Parrots are squawking
A fat butterfly is in the sky
Eating flies
Rhyming Rhino rhymes and rhymes
Anteater travels back in time.*
